

Rik had everyone laughing out loud the entire show. A number of people told me "He could have been talking about my life." Rik truly knows how to relate to a crowd.

Credits

When not performing for corporate or private groups, Rik headlines the nation's top comedy clubs such as **The Improv**, **Funny Bone**, **Punchline**, **Stardome** and **Zanies**. Occasionally he opens for musical acts such as **Kenny Rogers** and **Weird Al Yankovic**. You may also have caught Rik on any number of syndicated morning radio shows, **NPR's Car Talk**, **XM** and **Sirius Satellite Radio**, **Great American Country**, **Bananas Family Comedy Show** or **Comedy at Large**. As you can see, Rik's clean comedy is appropriate for a large array of audiences!

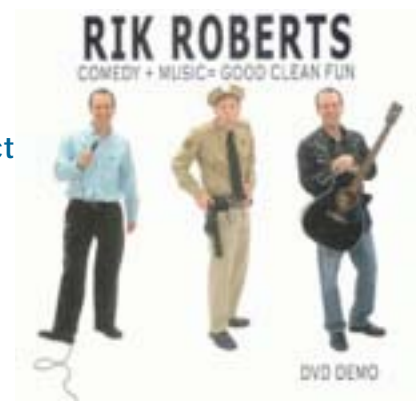

Rik's dynamic show begins with pure stand-up comedy. Topics range from fatherhood and family to travel and technology.

You'll laugh out loud at stories about a failed attempt at baby proofing a house and will take notes when he gives you inside information on planning a wedding reception. Mix in an account of a hunting trip gone awry and you've got something for everyone.

Next, Rik brings out the guitar and kicks your event up another notch. A combination of impressions and original songs will have you tapping your feet as you grab your sides.

Finally, Rik brings the show home with a big finish as he turns a member of your group into a star. You'll want to catch this on camera!
